

Edit an Existing Task

Context:

- **Manager or Assigned Employee modifies a task.**

Primary Flow:

1. **Manager/Employee selects a task.**
2. **Clicks "Edit".**
3. **Makes changes (e.g., updating status, deadline).**
4. **Clicks "Save".**
5. **System updates the task.**

Alternative Flows:

- **Employee tries to modify a task they don't own:**
 - **A1. System denies access unless they are assigned to it.**
